

## ARCTIC ADDS FRESHNESS TO YOUR WORKPLACE

The new, portable USB fan Summair Light provides easy and fast refreshment in the office, at home or on the road. Thanks to the compact and particularly light design, the Summair Light is the perfect companion for business trips. With the included carrying bag, the fan is absolutely transport-proof. The speed of the 92 mm fan can be adjusted from 900 to 2100 RPM.

The flexible neck and the stageless speed regulation ensure a very easy and individual operation. For comfortable handling, the Summair Light is equipped with a protective grill. It has a USB 2.0 standard connector and is thus perfectly suitable for notebooks, PCs and powerbanks alike. The Summair Light is especially energy-efficient and runs whisper quiet.

### 15 Years of Expertise

ARCTIC does not only play in the top league of the cooling specialists ever since, ARCTIC initiated the trend towards quiet cooling systems for desktop PCs and left a distinct mark. In 2001 the Swiss engineer and company founder Magnus Huber has determined to fight against loud computers – today, the still privately-owned company with locations in Germany, Hong Kong and the USA offers one of the world's largest ranges of CPU and GPU coolers. Maximum compatibility, first-class performance and lowest volume convince enthusiasts in over 45 countries around the globe. With the competence of a unique expert knowledge from 15 years of (pc) noise minimization ARCTIC is building out its portfolio through high-quality sound products and office equipment.
